DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on March 12, 2008 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent Number 7,100,402 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joshua Randall on June 23, 2008.

The application has been amended as follows:

In the **Abstract**: deleted "(Fig.5)" from line 13.

In **Claim 3**: replaced "The security device of claim 2," with --The security device of claim 1--.

Replaced **Claim 23** with: Security device for holding items, comprising:
a first security member, and

Art Unit: 3673

a second security member including a stop member, wherein the first and second security members are engaged at a closed position for retaining an item,

a lock slide mounted to the first security member and displaceable while remaining mounted to the first security member between an unlocked position wherein the security device can be opened and a locked position for maintaining the security device in the closed position, and

a latch for maintaining the lock slide in the locked position, wherein said latch is carried on said first security member, and is configured to engage with the stop member in said locked position, wherein said latch comprises a spring blade extending from a principal plane of said lock slide, and said spring blade is configured to engage with the stop member in said locked position.

Deleted Claims 24 and 26.

In **Claim 27:** replaced “The security device of claim 26,” with --The security device of claim 23--.

In **Claim 28:** replaced “The security device of claim 26,” with --The security device of claim 23--.

In **Claim 29:** replaced “The security device of claim 26,” with --The security device of claim 23--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The claims are allowable over the prior art of record because the teachings of the references taken as a whole do not teach or render obvious the combination set forth, including that of a security device having a first security member (10), a second security member (100), where the first and second security members are engaged in a closed position to retain an item, a lock slide (200) mounted to the first security member without being removed between actuation from a locked condition to an unlocked condition and a latch that has a spring blade (202), that is integral to the lock slide, that engages with a stop member (106) that is on the second security member.

The prior art of record does not disclose the combination of a container with a first member and a second member that has a lock slide permanently mounted to the first member, a spring blade being part of the lock slide and a stop member being on the second security member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to CHRISTOPHER BOSWELL whose telephone number is (571)272-7054. The examiner can normally be reached on 9:00 - 4:00 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patricia Engle can be reached on (571) 272-6660. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
